Mentoring Tomorrow's Thought Leaders

PROSPECTUS 2025-26

Message From The Founder

Welcome to Kids' Foundation, a premier senior secondary school in Imphal, Manipur. Since our inception in 2005, we have been dedicated to nurturing young minds and fostering a love for learning.

Wahengbam Brajabidhu Singh
Founder, Kids' Foundation

At Kids' Foundation, we believe that education is the cornerstone of a prosperous and enlightened society. Our mission is to provide a holistic education that equips students with the knowledge, skills, and values necessary to succeed in an ever-changing world.

Our CBSE-affiliated curriculum is designed to challenge and inspire students, while our experienced faculty provide guidance and support every step of the way. We prioritize academic excellence, but also recognize the importance of extracurricular activities, sports, and community service in shaping well-rounded individuals.

Our school's core values – **Creativity, Empathy, Integrity, and Resilience** – are woven into every aspect of school life. We strive to create a safe, inclusive, and stimulating environment where students can explore their passions, develop their talents, and build lifelong friendships.

As we look to the future, we remain committed to:

- Fostering critical thinking, problem-solving, and innovation
- Cultivating emotional intelligence, empathy, and social responsibility
- Encouraging physical and mental well-being
- Preparing students for success in an increasingly globalized world

To our prospective students and parents, we invite you to join the Kids' Foundation family. Together, let us embark on a journey of discovery, growth, and excellence.

Message from the desk of the Honorary Administrator

I am honored to welcome you to Kids' Foundation, a vibrant community of learners. As we strive for excellence in education, we are committed to aligning our curriculum and pedagogy with the visionary National Education Policy 2020.

Dr Konika Khuraijam
Honorary Administrator,
Kids' Foundation.

Our mission is to nurture compassionate, curious, and creative individuals equipped to thrive in a rapidly changing world. From Pre-Nursery to Class 12, our CBSE-affiliated program focuses on holistic development, integrating academic rigor with extracurricular activities, sports, and community service.

In line with NEP 2020, we emphasize:

- Multidisciplinary education
- Critical thinking and problem-solving
- Emotional intelligence and well-being
- Skill development and entrepreneurship
- Inclusivity and social responsibility

Our dedicated faculty, state-of-the-art infrastructure, and student-centric approach create a supportive environment for your child to grow and flourish.

At Kids' Foundation, we prioritize:

- Academic excellence
- Character development
- Creativity and innovation
- Physical and mental well-being

Join us in shaping the future of our children. Together, let us empower them to become responsible, informed, and engaged global citizens.

Learning

We aim to provide our students, who are confident in their academic success and are developing socially, physically and psychologically, with a happy and engaging learning environment that is structured, collaborative and purposeful. Kids' Foundation is not about obtaining the best marks, but about getting students to be best they can be. We seek to develop students as individuals who achieve their full potential. Kids' Foundation is committed on building a complete personality-a person with a strong moral backbone and integrity. Thus, a promise to give your child the right foundation. Our learning technique is based on constructivism. We believe that each individual child has the potential to construct their own knowledge.

Foundational Stage *(Age 3-8, Pre-Nursery to Class 2)*

The Foundational Stage lays the groundwork for lifelong learning. NEP 2020 emphasizes play-based, activity-based, and discovery-based learning to foster curiosity and creativity.

In Kids' Foundation special emphasis is given on this very important stage.We have developed special curriculum and activities to fit into the directives of NEP 2020.

These learning activities are based on playway method of teaching and caters to the following developments-

- Develops cognitive, social-emotional, and physical skills
- Enhances language and numeracy skills
- Encourages exploration, imagination, and creativity
- Builds foundational literacy and numeracy
- Integrates art, music, and physical education
- Emphasizes social and emotional learning

The outcome of these learning experiences will make the students -

- Confident, curious, and creative learners
- Provide strong foundation for future academic success
- Develop social skills and emotional intelligence
- Assessment is done in a continuous, holistic, and criterion-referenced evaluation format.

This stage sets the foundation for future learning, ensuring a strong, well-rounded start for India's youngest learners.

Preparatory Stage *(Age 8-11, Class 3-5)*

The Preparatory Stage builds upon the foundational skills, focusing on depth and breadth of knowledge. In Kids' Foundation, we have added co- curricular activities to prepare the child both physically and mentally for higher learning experiences.

This stage focuses on preparing the child, and -

- Consolidates reading, writing, and numeracy skills
- Introduces basic concepts in sciences, social sciences and mathematics
- Develops critical thinking, problem-solving, and communication skills
- Encourages creativity, arts, and physical education
- Fosters social and emotional learning
- Emphasizes experiential and project-based learning

The outcome of these activities are to form -

- Confident, expressive, and curious learners
- Strong foundation in core subjects
- A developed critical thinking & problem-solving skills

The evaluation and assessment of this stage is -

- Multidisciplinary education
- Critical thinking and problem-solving

Middle Stage *(Age 11-14, Class 6-8)*

The Middle Stage focuses on deepening knowledge, developing skills, and fostering curiosity.

In Kids' Foundation we put special emphasis on- Intensifying subject-specific knowledge (languages, sciences, mathematics, social sciences) Enhancing critical thinking, analytical skills, and problem-solving, Encouraging interdisciplinary connections and applications, Developing life skills (communication, collaboration, time management), Integrating arts, physical education, and vocational exposure,- Emphasizing experiential learning, projects, and community service..

The key obectives are to form -

- Confident, informed, and thoughtful learners
- Strong foundation for secondary education
- Developed critical thinking and life skills

The assessment of the students are coducted through- Continuous, criterion-referenced evaluation ,Formative and summative assessments, Peer and self-assessment.

This stage prepares students for secondary education, equipping them with essential skills for future success

Secondary Stage *(Class 9-12)*

At Kids' Foundation, our Secondary Stage program (Class 9-12) prepares students for success. We offer Science and Commerce streams, taught by qualified and experienced faculty. Our rigorous curriculum focuses on in-depth subject knowledge, critical thinking and problem-solving, practical applications and projects

Beyond academics, we nurture holistic development through Co-curricular activities (sports, music, arts)- Club activities (debate, science, Eco, Music, Korean Language, Dance etc), Community service and social responsibility.

Our supportive environment fosters confidence and self-expression, collaboration and teamwork ,emotional intelligence and resilience.
Assessment is done continuously and comprehensively, with two board exams(10th and 12th)

Join Kids' Foundation for a well-rounded education, equipping students for higher education, careers, and lifelong success.

Our school proudly offers Science and Commerce streams, and we're excited to announce that we're on the verge of adding an Arts stream in the near future. This expansion reflects our commitment to providing diverse educational paths that empower students to pursue their unique interests and career goals.

Club Activities

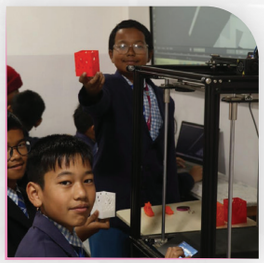

Club activities in schools are essential for personal development and a well-rounded education. They allow students to explore interests, develop leadership skills, and build friendships outside the classroom. Participation enhances teamwork and communication, nurtures creativity, and can even boost academic performance by promoting time management. Ultimately, clubs foster a vibrant school culture, helping students feel more connected and engaged in their education.

“ A jack of all trades is a master of none, but oftentimes is better than a master of one”

Music Club

We meet weekly for jam sessions, workshops, and to share favorite songs. Whether you’re a musician or a music lover, come connect with fellow enthusiasts and create memorable experiences together

3D Printing Club

Whether you’re a beginner or experienced, you'll learn design and printing techniques while working on exciting projects. Collaborate with fellow members and bring your ideas to life - let's turn imagination into reality!

Dance Club

Whether you're a beginner or an experienced dancer, we welcome all styles and levels. Come learn new routines, collaborate with friends, and participate in performances and workshops. Let's dance, have fun, and share our passion for rhythm together!

Thang Ta

Whether you're a beginner or have experience, you'll learn techniques, movements, and the cultural significance behind this beautiful form. Connect with fellow enthusiasts, participate in performances, and celebrate the rich heritage of Thang Ta together!

Games & Sports Club

We offer a variety of activities, from team games to individual sports, promoting teamwork and physical fitness. Come make new friends, improve your skills, and enjoy the thrill of being active together!

Debate Club

Engage in lively discussions on current issues and learn to formulate compelling arguments. Whether you're a beginner or experienced, you'll find a supportive environment to express your ideas and build confidence. Let’s explore different perspectives together!

Doodling Club

Join the Doodling Club and let your creativity flow! Whether you're a seasoned artist or just love to sketch, this is a space to relax, share ideas, and improve your skills. Let’s explore different techniques and bring our imaginations to life together!

Financial Literacy Club

Learn budgeting, saving, investing, and credit management in a fun, supportive environment. Whether you're a beginner or looking to expand your knowledge, let's empower each other to make informed financial decisions together!
